Summary

As a forward-thinking Front-End Developer with a year of internship experience, I bring expertise in HTML, CSS, JavaScript, Tailwind CSS, and React. My proficiency extends to collaborative project work and integration of front-end components for seamless user experiences. With a foundation in Python and a glimpse into the world of C, I am committed to elevating web development standards through innovative solutions. Eager to contribute to dynamic teams and drive digital excellence.

SKILLS

- HTML
- JavaScript
- CSS
- API
- Media Queries
- JSON
- React
- Python
- Excel

Experience

Front End Developer (Intern)|PharmarxngLtd
Lagos - February 2023 - December 2023
- As a Front-End Developer Intern at PharmarxngLtd, I played a pivotal role in enhancing the digital presence by developing a Responsive and Interactive Login Page. Key contributions include:
- Technology Stack: Utilized HTML, CSS, JavaScript, React, and Tailwind CSS to create a robust and user-friendly login page.
- Data Validation: Implemented lightweight yet effective data validation techniques, ensuring data integrity and user input accuracy.
- Form Creation: Developed essential forms integral to the website's functionality, enhancing user engagement and interaction.
- Admin UI Design: Designed a visually appealing and intuitive User Interface for the Admin section, employing the power of Tailwind CSS and React. My internship

experience equipped me with practical skills in web development, from creating dynamic forms to crafting responsive interfaces. Excited to apply these skills and contribute to future projects.

Education

University of Ilorin Kwara, Nigeria
BSC Economics | 09/ 2023
CGPA: 3.76/5.0
